### **About Armada Data Corp.**

Armada Data is a diversified Canadian publicly traded Information & Marketing Services Company providing data to a diverse group of corporate and retail clients. Armada also provides information technology, e-commerce and online marketing services to its clients.

Most recently, Armada acquired The Big & Easy Bottle Brewing Company, which produces and markets the unique Mister Beer Bottle Brew beer-making kit.

Armada is one of the very few profitable companies trading on the TSX Venture exchange. The company has been able to grow organically and profitably, while continuously improving its financial strength and solid balance sheet.

The combination of revenue and net earnings growth, coupled with increasing Shareholder's equity, ample free cash flow, virtually no debt and an annual shareholder dividend is virtually unheard of with a Canadian public company of this size.

Armada Data shares are listed on the TSX Venture exchange under the trading Symbol ARD. Armada currently has a total of 16,359,154 shares outstanding.
